LUBRICATION /PETROLEUM

IHH offers a vast range of Lubrication and Petroleum products from outstanding suppliers such as Alemite, Graco, ARO and Lincoln. With a wide selection of oil and grease pumps, control valves, meters and hose reels, there is something to fit your requirements and budget.

Additionally, as a Premier distributor of Hannay Reels, we can provide custom built reels to accommodate large bore hoses of extra long lengths such as off-shore and aviation refueling. Hannay also offers a wide variety of other reels, such as fire-fighting, cable, audio-visual, pressure wash, and food processing.

With extensive experience in the Petroleum industry, IHH can provide a variety of custom made hoses for every application.

From drop hose and tank truck hose for haulers to the cam and groove couplers and nozzles from Dixon and Bayco, we are the number one supplier for the Petroleum Industry.

Our Green marina hose by Goodyear is by far the choice of refueling of boats, and the best on the market. Custom made large bore hoses by Parker-Titan, Goodyear and NRP Jones are just a few of the products we can provide. Our capability to crimp up to six-inch ID hose using a variety of end-fittings and different materials sets us apart from anyone else in Southeast Florida.

We can also provide pumps, meters, filters, nozzles and other accessories for your application. Call or stop by for technical assistance, we know you will be pleased.

REPAIR & MACHINE SHOP FACILITY

Our repair and machine shop facility now includes the reworking and rebuilding of hydraulic equipment. We invite you to bring us your hydraulic cylinders, drives, motors and pumps that need attention. If replacement parts are not available, we can make the parts in our machine shop. If a hydraulic piece of equipment cannot be reworked or repaired, we can provide replacement OEM units.

Sales & Service

Marine Industry Master Distributor

Serving South Florida's Marine Industry for over 25 years, IHH can supply products from major manufacturers such as Parker, Goodyear and Novaflex; we offer quality products at a great price. Authorized Industrial Hose Circle of Safety Distributor

Circle of Safety is a program meant to upgrade the level of quality and security of Industrial Hose Products to the level commonly associated with the safety in the hydraulic hose industry.

Our Circle of Safety program establishes Industrial Hose and Hydraulics as a single, accountable source with a specific performance guarantee to protect our customers and end users from accidents, unplanned downtime and increased liability associated with failed industrial hose assemblies.

Industrial Hose and Hydraulics is the only distributor in the Tri-County area **Certified** by Parker Hannifin, Campbell and Dixon as a Circle of Safety distributor.

NEW ! WE HAVE THE CAPABILITY TO CRIMP INDUSTRIAL HOSE ASSEMBLIES UP TO 6 INCH I.D.

Stop by and see the difference the Circle of Safety can make for your Industrial Hose Applications.

When thinking Safety think Industrial Hose and Hydraulics!

To Our Customers:

Since its founding in 1986, Industrial Hose & Hydraulics has created an environment of quality workmanship and customer satisfaction by becoming the number one leader in the supply chain for industrial hose, hydraulics and accessories.

Our dedicated professionals, ever improving knowledge and skills training keep our team of employees on the cutting edge of our customers needs.

Having completed 25 years, our Company continues to grow. Today, we have 2 central locations. Our Corporate office, hose assembly facility and warehouse, services North Broward County area and Palm Beach County. Our facility within Port Everglades services South Broward, Miami-Dade and Monroe Counties to Key West.

For Martin, St. Lucie, Indian River and Okeechobee County we have The Hose Doctor Mobile Truck that is available for on-site service 24 hours a day.

As our company continues to grow and diversify; we look forward to your return business. If you are trying us for the first time or considering a new supplier, let one of our sales professionals perform a complementary site visit at your location and quote you a plan that will ensure your inventory is always replenished.

We hope you will continue to use our products and services - the highest quality available.
