

Novaflex Series 128 Split Conduit Tubing

Flame Retardant. Cable and wire harness Construction: Cover: Split for easy access to route wires V2 rated UL 94A Color: Black and white Temperature range: +25°F (-4°C) to 150°F (+66°C)

Outboard Motor Cable Cover Novaflex Series 186 (Black/ Grey)

Cable conduit designed to conceal hose or cable of outboard motor. Color: Black or grey

Novaflex Series 400 (Black) Novaflex Series 402 (White) Ventilation Ducting

Flame resistant PVC ducting designed for venting bilge gases. Ozone and sunlight resistant

Non-Insulated Air Conditioning

Extremely tough non-insulated flexible air duct constructed with a heavy vinyl-coated fiberglass cloth, mechanically locked together with a scuff resistant protecting galvanized steel helix. Impact resistant
